**Artwork** to correct glass glare, wrinkles in clothing, out of place hair, tan lines, sun burns or other corrections not related to facial blemishes and facial line softening is available. The charge is available upon request.

Radical artworks is now being done digitally and produced direct to photograph in special processes. The finished product is fantastic. Because the process is so specialized, quotes must be given on each project.

No special artwork will be provided without approval of the cost.

**TERMS...** The session fee is due at the time of the session. When placing the order, at least half of the balance is due before the order will be processed. The remaining balance is due when the order is ready. The complete order must be paid for in full before it leaves the studio.

**Custom Portraits:** Our standard portrait with facial retouching applied to the portrait to eliminate blemishes and soften lines where necessary. The portraits may be ordered individually, enabling you to vary poses in the order. Portraits 16x20 and larger are mounted on a double weight backing.

**Heirloom Portraits:** This portrait is painstakingly retouched and enhanced heighten it's beauty. Unwanted lines and blemishes on the face, neck, arms and hands of the subjects are softened and eliminated to produce a most pleasing image. Portraits, 11x14 and larger are mounted on double weight acid-free backing. All the experience of the photographer, finishing artists and laboratory technicians are combined to make your Heirloom portrait the finest quality available.

**Masterpiece:** A portrait for the person who desires the look of a fine painting. The portrait is made with the same care as the Heirloom, then we go a step further, adhering it to canvas backing under great pressure. This allows the texture of the canvas to become a part of the photograph. The photograph may be mounted on a traditional stretcher frame or on dense composite backing.
